DHEC has completed an evaluation of cleanup alternatives to address groundwater contamination at the Castlebridge Site. Information about the contamination and methods considered for cleanup—including DHEC's preferred method—are detailed in DHEC's Proposed Plan. This plan and other information about the site is available for review in the Administrative Record at the Spartanburg Public Library (Cyrill-Westside Branch) and on our website at **www.scdhec.gov/publicnotices.**

Comments on the cleanup alternatives are encouraged and will be accepted through April 21, 2018. Written comments may be submitted to Keisha Long at the email address below or by mail at DHEC-BLWM, 2600 Bull Street, Columbia, SC 29201. DHEC will make a final decision on the cleanup method after review of all comments received.
