INTENT TO SOLE SOURCE

The South Carolina Department of Health and Environmental Control (DHEC) is seeking qualified vendors to provide a complete, fully-automated, continuously monitoring system, not limited to CO2 production, that offers four FDA cleared tests on one platform for mycobacteria detection and Mycobacterium tuberculosis susceptibility testing by liquid culture. The contract will include all assay kits/reagents, collection devices, and any test-specific consumables needed to perform these assays. This system is to be used in the DHEC Public Health Laboratory.

Qualified vendors should contact Rebecca Nichols at (803) 898-1262 by July 17, 2018 for additional formation.

Or use the Universal form

- Advertisements are due by Noon each day for that evening's edition.
- To submit: Fill out form, save to your computer, then attach to an email to scbo@mmo.sc.gov. Emailed ads are confirmed by return email.
- Please check your ad in SCBO after it appears to make sure it has been included, & that the information contained in it is correct.
