RE: Modification of Attachment A for the General State Operating Permit for Concrete Plants
C.R. Jackson, Inc. - Pugmill
Permit Number: 9900-0576

Dear Ms. Williams-Sellers:

The Department has modified Attachment A of the General State Operating Permit for Concrete Plants for Permit No. GSOP-9900-0576 to show that the facility has relocated its pugmill from 6916 N. Highway 501 in Latta, SC to 620 Mineral Springs Road in Darlington, SC. The facility's permit has the same expiration date and will remain valid through June 30, 2023.

The modified Attachment A is being issued to incorporate changes as described above, and a copy may be downloaded by clicking on your facility's name at the following address: <http://www.scdhec.gov/Air-GeneralConcretePermit>. Alternatively, you may request a copy by contacting us at (803) 898-4292. This letter is to be retained with the General Permit and the attachment(s).

At this time, air dispersion modeling is not being requested for the new location. Please be aware that if in the future there is a question or concern regarding compliance, an air dispersion modeling demonstration may be required.

It is important for you and/or an authorized representative responsible for the overall operation of this facility to read this issued permit carefully and to understand all requirements. If any errors or omissions are discovered, please notify Jerisha Dukes via phone at (803) 898-4292 or by e-mail at dukesjs@dhec.sc.gov promptly if any are discovered.

Sincerely,

Elizabeth J. Basil, Director
Engineering Services Division
Bureau of Air Quality
