RE: Notice of Permit Coverage  
THOMAS CONCRETE FIRST QUALITY PAPER PLANT #1 & 2  
Permit Number: 9900-0585

Dear Henry Martin:

The Department has issued a new General State Operating Permit for Concrete Plants ("General Permit"). The permit was issued on June 28, 2013 and will be valid through June 30, 2023. This permit supersedes any previous construction and/or operating permit issued to your facility. Your facility's coverage under the terms and conditions of this permit begins on July 31, 2013.

A copy of the General Permit and your facility's attachment(s) may be downloaded by clicking on your facility's name at the following address: <http://www.scdhec.gov/Air-GeneralConcretePermit>. Alternatively, you may request a copy of the General Permit and your facility's attachment(s) by contacting us at (803) 898-4292. This Notice Letter is to be retained with the General Permit and the attachment(s).

It is your responsibility to comply with all the requirements of this General Permit. The Department may conduct periodic inspections of your facility to determine compliance with the requirements of the General Permit. Any violations found during these inspections may result in an enforcement action. Therefore, it is incumbent upon you to ensure you are in compliance with the General Permit at all times. It is important for you to read this issued permit carefully and to understand all requirements. If any errors or emissions are found, immediately notify Jerisha Dukes of my staff, via email at [dukesjs@dhec.sc.gov](mailto:dukesjs@dhec.sc.gov), or call (803) 898-4292.

If your facility no longer requires this permit, please submit DHEC Form D-2374 ("Permit Cancellation / Temporary Closure") to cancel your coverage under the General Permit. If coverage is not cancelled, you are responsible for all annual General Permit fees.

In the event, you disagree with the decision to approve the General Permit, or the terms and conditions of the General Permit, the enclosed "Guide to Board Review" explains the process for contesting the Department's decision.

Sincerely,

Elizabeth J. Basil  
Director, Engineering Services Division
