F - OTHER EQUIPMENT

Equipment ID	Equipment Description
G1	228 kW Diesel Generator

G - FACILITY SPECIFIC CONDITIONS

The facility must comply with the General State Operating Permit for Concrete Plants and any additional conditions listed in this section.

Condition Number	Conditions
1.	(Equipment ID: G1) The 228 kW diesel generator is permitted to burn diesel/No. 2 fuel oil (0.0015% S) as fuel. The use of any other substances as fuel is prohibited without prior written approval from the Bureau of Air Quality. Fuel oil sulfur content shall be less than or equal to 0.0015 percent sulfur by weight. Acceptable fuel oil certification can be ensured by following Department guidance entitled "Guidance For Fuel Oil Certifications" issued on August 12, 2004 and any subsequent revisions. Fuel oil supplier certification shall be obtained for each batch of oil received and stored on site.
2.	(Equipment ID: G1) This facility is subject to the provisions of 40 CFR Part 63, National Emission Standards for Hazardous Air Pollutants, Subparts A, General Provisions, and ZZZZ, NESHAP for Stationary Reciprocating Internal Combustion Engines. Existing affected sources shall comply with the applicable provisions by the compliance date specified in Subpart ZZZZ. Any new affected sources shall comply with the requirements of these Subparts upon initial start-up unless otherwise noted.

RE: Modification of Attachment A for the General State Operating Permit for Concrete Plants
Site-Prep, Inc. of NC
Permit Number: 9900-0602

Dear Ms. Bennett:

The Department has modified Attachment A of the General State Operating Permit for Concrete Plants for Permit No. GSOP-9900-0602 to show that the facility has relocated from 1121 Highway 292 in Inman, SC to 3410 US Highway 601 South in Jefferson, SC. The facility's permit has the same expiration date and will remain valid through June 30, 2023.

The modified Attachment A is being issued to incorporate changes as described above, and a copy may be downloaded by clicking on your facility's name at the following address: <http://www.scdhec.gov/Air-GeneralConcretePermit>. Alternatively, you may request a copy by contacting us at (803) 898-4292. This letter is to be retained with the General Permit and the attachment(s).

At this time, air dispersion modeling is not being requested for the new location. Please be aware that if in the future there is a question or concern regarding compliance, an air dispersion modeling demonstration may be required.

It is important for you and/or an authorized representative responsible for the overall operation of this facility to read this issued permit carefully and to understand all requirements. If any errors or omissions are discovered, please notify Jerisha Dukes via phone at (803) 898-4292 or by e-mail at dukesjs@dhec.sc.gov promptly if any are discovered.

Sincerely,

Elizabeth J. Basil, Director
Engineering Services Division
Bureau of Air Quality
