Modeled Emission Rates

Hamrick Mills - Hamrick Plant

GCM-0600-0004

Page 1 OF 1

The emission rates listed herein are not considered federally enforceable limitations but are used to evaluate ambient air quality impact. Until the Department makes a determination that a facility is causing or contributing to an exceedance of a state or federal ambient air quality standard, increases to these emission rates are not in themselves considered violations of these ambient air quality standards.

AMBIENT AIR QUALITY STANDARDS - STANDARD NO. 2				
Emission Point ID	Modeled Emission Rates (lbs/hr)			
	PM ₁₀	SO ₂	NO ₂	CO
Boiler 1	0.84	8.36	2.22	1.38

TOXIC AIR POLLUTANTS MODELED - STANDARD NO. 8				
Emission Point ID	Modeled Emission Rates (lbs/hr)			
	Methanol 67-56-1	N/A*	N/A*	N/A*
Slasher 1	1.1	N/A*	N/A*	N/A*
Slasher 2	1.1	N/A*	N/A*	N/A*

*N/A = Not Applicable

March 30, 2011

Mr. Mike Elder
Hamrick Mills - Hamrick Plant
PO Box 48
Gaffney, SC 29342

Re: Renewal of Coverage to Operate Under the Terms and Conditions of the General Conditional Major Operating Permit for Textile Greige Operations No. GCM-0600-0004 for Hamrick Mills – Hamrick Plant at 2526 Cherokee Ave., Gaffney, SC 29342.

Dear Mr. Elder:

Enclosed is a renewed General Conditional Major Operating Permit for Textile Greige Operations No. GCM-0600-0004 that will become effective on April 01, 2011. The federally enforceable emissions limitations and operational requirements contained within this General Conditional Major Operating Permit are designed to restrict this facility's potential to emit to below major source thresholds. This renewed General Conditional Major Operating Permit will be valid through March 31, 2021.

Please be advised that reports required under the terms and conditions of this renewed Conditional Major Operating Permit must be completed and submitted in a timely manner in accordance with the periodic reporting schedule found in Part 4.B of this permit. The Department has developed an Excel spreadsheet that may help you in maintaining "Fuel Usage Records for General Conditional Major Operating Permit Reporting," which can be found at the following web site address:
http://www.scdhec.gov/environment/baq/docs/permitting/GPermitApps/GCMP_Fuel_Worksheet.xls

It is important for you and/or an authorized representative responsible for the overall operation of this facility to read this issued permit carefully and to understand all requirements. If any errors or omissions are discovered, please notify Alyson M. Hayes of my staff, via e-mail at hayesam@dhec.sc.gov, or call 803-898-3836 immediately.

Pursuant to the South Carolina Administrative Procedures Act, any Department decision involving the issuance, denial, suspension, or revocation of a permit or certification may be appealed by the applicant, permittee, licensee, or affected person. Please see the enclosed "Notice of Appeal Procedure" for guidelines on filing an appeal.

Sincerely,

Elizabeth J. Basil
Director, Engineering Services Division
Bureau of Air Quality
