

Annual Cotton Ginning Reporting Tool

This compliance tool will assist you in completing your reporting needs on an annual basis. Reports are due by January 30 following your reporting year. Enter in monthly amounts in each applicable column and the table will calculate the totals for you. For months that you did not operate, please enter zero (0) for the month. Bushels processed and hours of operation totals are only applicable to those facilities that perform grain handling operations. SC DHEC does not guarantee the accuracy of the information contained. This form is subject to continuous improvement and updating, it is your responsibility to be aware of the most updated information.

Facility Name:		Permit Number:
