Re: Air Quality Conditional Major Operating Renewal Permit –CPJ Technologies

Dear Concerned Citizen,

Thank you for your interest regarding the Conditional Major Operating Renewal Permit for CPJ Technologies. Please be advised that DHEC has made a decision regarding the permit after consideration and complete review of the following: applicable state and federal air quality regulations, comments made at the public meeting held on May 9, 2016, all comments received within the required time frame and all other pertinent information. All comments received were reviewed for technical merit and have been included in DHEC's permanent record for this facility. DHEC has concluded that the issues raised and comments made by concerned citizens do not legally prevent issuance of the permit. Therefore, DHEC's decision is to approve the Conditional Major Operating Renewal Permit for issuance on, Monday, August 15, 2016.

The Department Decision which includes the permit and the statement of basis can be viewed on SC DHEC's website at: <http://www.scdhec.gov/Environment/AirQuality/PermittingDecisions/> . If you cannot access the information on the website, you may schedule an appointment to review all materials used by DHEC in making this decision, during normal business hours, by contacting the Freedom of Information Office, at (803) 898-3882. Copies may also be requested for \$.25 per page charge.

Any affected parties who wish to appeal this decision may file a request for final review. Procedures for DHEC Board review of permit decisions are also available on the same webpage as above. Additional information regarding appeal procedures is available from DHEC's Clerk of the Board at the below DHEC address or by calling (803) 898-3309.
