

C. Earl Hunter, Commissioner

*Promoting and protecting the health of the public and the environment.*

## TO ALL INTERESTED PARTIES

July 14, 2006

Beginning July 22, 2006, all permit and amendment applications for critical area permits must be accompanied by drawings produced by one of three professional groups: Registered Land Surveyors, Professional Engineers, or Landscape Architects, all of which must be licensed with the State of South Carolina. Each drawing must be stamped by the licensed professional and must include their license or registration number as well as all required measurements and dimensions. Hand drawings will not be accepted; all drawings must be computer-generated. **Drawings prepared by licensed marine contractors will no longer be accepted.**

All critical area applications received by DHEC-OCRM after 5 PM on Friday, July 21, 2006 must comply with this new application requirement.

Curtis M. Joyner  
Manager of Critical Area Permitting
