

**Sonoco Products Company Site**  
Hartsville, SC

**Announcement of Proposed Remediation  
Plan & 30-Day Comment Period**

The South Carolina Department of Health and Environmental Control (DHEC) has identified a preferred remedial option to address several former solid waste disposal areas on the Sonoco Products Company's property in Hartsville, South Carolina (the Site) and is accepting public comments. In 2013, Sonoco Products Company began working with DHEC's oversight to investigate these areas and formulate a plan for remediation. The components of the proposed remediation plan include the following:

1. Closure of a coal ash pile with cap design standards to be equivalent to those for a Class III solid waste landfill.
2. Removal of exposed surface debris from areas formerly used for solid waste disposal.
3. Installation and maintenance of soil cover in areas formerly used for solid waste disposal.
4. An ongoing sampling program to monitor the condition of groundwater and surface water in these areas.
5. Land use controls to prevent unauthorized access to these areas, to ensure that cover materials are not removed or damaged, and to ensure that these measures remain effective.

The Department is accepting public comments to the proposed remediation plan through **July 27, 2015**. Written comments should be addressed to Tim Hornosky at DHEC-BL&WM, 2600 Bull St., Columbia SC 29201 or to his email address [hornostr@dhec.sc.gov](mailto:hornostr@dhec.sc.gov).

During the comment period this notice and documents that form the basis for the proposed remedial actions can be viewed at DHEC's Public Notice web page at: <http://www.scdhec.gov/PublicNotices/>

Following the 30-day comment period these documents will be maintained at:

<http://www.scdhec.gov/HomeAndEnvironment/Pollution/CleanUpPrograms/StateRemediation/Projects/>

DHEC may host a public meeting to discuss the proposed remediation plan if warranted by the comments received. If a public meeting is scheduled, an announcement will be published in advance. For any other questions, please contact Tim Hornosky at (803) 898-0733.
