

When are recyclable items picked up?

Recyclables are picked up curbside on the same day as household garbage in the City of Mauldin.

Recycle more!

For information about recycling items that are not collected curbside – including used motor oil, oil filters and oil bottles as well as tires and lead-acid batteries – in Greenville County, visit www.greenvillecounty.org/Solid_Waste. To learn more about recycling statewide, visit www.scdhec.gov/recycle and click on “Recycling Where You Live.”

This brochure was produced in part by funds and/or services provided by the S.C. Department of Health and Environmental Control's Office of Solid Waste Reduction and Recycling.

About cardboard recycling ...

Cardboard (e.g., moving boxes, appliance boxes, etc.) is picked up by a separate truck – designed specifically to compact cardboard – on the day of garbage collection. Limited amounts of paperboard (e.g., cereal boxes, shoe boxes, 12-pack beverage boxes, etc.) are collected on the regular recycling truck if space is available. Please note that cardboard or paperboard with a wax or plastic coating or that has been contaminated by food (e.g., pizza boxes) IS NOT accepted.

Need a recycling bin?

City of Mauldin residents can order a recycling bin from City Hall's Building and Zoning Department for \$7.50. The order will be processed and a bin sent to the resident – usually within 24 hours. For more information, call **(864) 289-8904**.

Why recycle?

- **TO SAVE NATURAL RESOURCES**
 - 58 percent less water is used to make recycled paper than when using raw materials.
- **TO SAVE ENERGY**
 - Recycling one aluminum can saves enough energy to run a television for three hours. Every ton of mixed paper recycled can save the energy equivalent of 185 gallons of gasoline.
 - Two gallons of recycled motor oil have enough energy to run the average household for 24 hours.
- **TO SAVE LANDFILL SPACE**
 - Landfills are expensive to build and maintain. Why put recyclables in the landfill? Save valuable landfill space.
- **TO SAVE TAX DOLLARS**
 - The City of Mauldin pays landfill fees to dispose of garbage. Recycling reduces the amount of garbage going to the landfill and saves tax dollars by reducing the fees paid.
