**OTHER PUBLIC WATER SYSTEMS**

Transient Non-Community Systems:	Fee = \$250
Systems Serving More Than 1 Tap But Less Than 15 Taps <b>and</b> Serving Less Than 25 People:	Fee = \$150
Systems Serving 1 Tap <b>and</b> Serving Less Than 25 People:	Fee = \$100
Vending Machines:	Fee = \$50

For the purposes of this fee schedule, tap is defined as a service connection, the point at which water is delivered to the consumer (building, dwelling, commercial establishment, camping space, industry, etc.) from a distribution system, whether metered or not and regardless of whether there is a user charge dwelling, for consumption of the water.
