**South Carolina's
Comprehensive
Priority List
of
DWSRF Projects**

August 12, 2009

Preamble

The federal Safe Drinking Water Act requires that the State develop a comprehensive priority list of potential infrastructure projects to be funded from the Drinking Water State Revolving Fund (DWSRF) program. The SDWA further requires that the State develop a system by which to rank the projects in priority order (<http://www.scdhec.net/water/pubs/prsdw.pdf>). Only those projects that appear on this *Comprehensive Priority List of DWSRF Projects* (Priority List) may be considered for a loan under the DWSRF Program.

In general, to be placed on the Priority List, an eligible project sponsor must complete and submit to DHEC a Project Questionnaire. A copy of the questionnaire can be found on DHEC's web site located at, <http://www.scdhec.net/water/forms/d-3463.pdf>. Prior to completing the questionnaire, the project sponsor should first review carefully the priority ranking system and eligibility requirements. A prospective SRF project sponsor may submit a completed Project Questionnaire for a project at any time during the year.

DHEC's web site will be the primary public-notice medium for the Comprehensive Priority List. DHEC will update the list as project questionnaires are received and post it on the Department's web site at <http://www.scdhec.net/water/pubs/dwpriority.pdf>. Interested parties are invited to review and provide written comments on the list at any time during the year. Prospective SRF sponsors are asked to take such opportunities to review their projects closely, and to notify the Department in writing of any that should be deleted or modified. Please address written comments to David Price, P.E., State Revolving Fund Section, Bureau of Water, 2600 Bull Street, Columbia SC 29201.

If there are questions, contact Valerie Ray at the above address, by telephone at (803) 898-4158, FAX at (803) 898-4215, or E-mail (ravvl@dhec.sc.gov).
