

Postpartum Newborn Home Visit

A service for moms and babies.

***If you or your baby are covered by Medicaid,
you are entitled to a home visit. To make sure you
and your baby are doing well, a nurse will:***

- Check your blood pressure and discuss your health
- Examine and weigh your baby
- Help make appointments for you and your baby
- Answer your questions
- Give you information about:
 - Well child care
 - Immunizations
 - Safety
 - Signs and symptoms of illness
 - Breastfeeding or bottle feeding
 - Infant sleep patterns/sleep safety/SIDS
 - Mother's health
 - Community services
