

Trash can do more.

The City of Sumter is making outdoor recycling FUN, EASY and CONVENIENT!

Our new **Twin-the-Bin Recycling Project** provides residents the opportunity to recycle plastic bottles and aluminum cans while enjoying their favorite recreational facilities. Outdoor stations containing both recycling and trash bins will be located at the **City of Sumter Aquatics Center** and the **Palmetto Tennis Center**.

Remember, recycling is important for the future of our environment.

Do your part, City of Sumter!
