By initialing the required boxes on this form, the A/B operator is hereby certifying that the required compliance activities have been performed in accordance with the requirements of Section 280.242(b)(3)(i)through(vii) and 280.242(b)(4). Failure to keep this form and keep it on file for at least three years will also result in a violation of UST Regulation R.61-92, 280.35 and may subject the owner/operator to further penalty and enforcement action under the State Underground Petroleum Environmental Response Bank ("SUPERB") Act.

UNDERGROUND STORAGE TANK MANAGEMENT DIVISION BUREAU OF LAND AND WASTE MANAGEMENT

2600 Bull Street, Columbia, SC 29201 Phone (803) 898-0589

Class A/B Operator Log for Underground Storage Tanks (USTs)

General Information:

The primary purpose of this form is meet the A/B operator requirements as outlined by the South Carolina Underground Storage Tank Regulations 61-92. Note: This form cannot be used as a standalone form. It must be used injunction with a Department approved walkthrough inspection form.

Please type or print in ink. Also, please be sure that you have signatures in ink.

Who must complete this form?

Any person that has a UST(s) that acts as the A/B operator for a designated facility(s).

What USTs are included?

An UST system is defined as any one or combination of tanks that is used to contain an accumulation of regulated substances, and whose volume (including connected underground piping) is 10 percent or more beneath the ground. Regulated USTs store petroleum or hazardous substances. This includes UST systems with field-constructed tanks and airport hydrant fuel distribution systems.

What Tanks are Excluded from these Requirements?

- Tanks removed from the ground prior to January 1, 1986;
- Farm or residential tanks of 1,100 gallons or less used to store motor fuel for noncommercial purposes;
- Tanks storing heating oil for use on the premise being stored;
- Septic tanks:
- Certain pipeline facilities regulated under Chapters 601 and 603 of Title 49;
- Surface impoundments, pits, ponds, or lagoons;
- Storm water or wastewater collection systems;
- Flow-through process tanks;
- Liquid traps or associated gathering lines directly related to oil or gas production and gathering operations;
- Tanks on or above the floor of underground areas, such as basements or tunnels;
- Tanks with a capacity of 110 gallons or less;
- Wastewater treatment tank systems;
- UST systems containing radioactive materials that are regulated under the Atomic Energy Act of 1954;
- UST systems that are part of an emergency generator system at nuclear power generation facilities regulated by the Nuclear Regulatory Commission under 10 CFR part 50.

What Substances are Covered?

These requirements apply to USTs containing petroleum or certain hazardous substances. Petroleum includes gasoline, used oil, diesel fuel, crude oil, or any fraction thereof which is liquid at standard conditions of temperature and pressure (60 degrees F and 14.7 pounds per square inch absolute). Hazardous substances are those found in Section 101 (14) of the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) of 1980 with the exception of those substances regulated as hazardous waste under Subtitle C of the Resource Conservation and Recovery Act (RCRA).

Instructions for Completing the A/B Operator Log:

<u>UST Facility Information</u>: Enter the permit identification number of the facility, name of the facility, and the name of the person completing the form.

Verification Table:

- 1) Indicate the date (month, day and year) that the form is completed.
- 2) For each of the seven items listed, you must initial in the box that they have been accomplished (see example).

Item 8 Quarterly Visits:

- 1) Indicated the year on the form.
- 2) Indicate the exact date and month the inspection occurred for each quarter.
- 3) Initial the box for each quarter indicating that the A/B operator visited the facility to ensure that the Items listed as Items 1 through 7 were completed in conjunction with the walkthrough inspection.

Office Mechanics and Filing: After completing the form, retain a copy in your files.

Contact Information: Please contact the UST Division at (803) 898-0589 for further information.
