SUMMARY SHEET BOARD OF HEALTH AND ENVIRONMENTAL CONTROL July 8, 2010

ACTION/DECISION

X INFORMATION

- I. **TITLE:** Administrative and Consent Orders issued by Environmental Quality Control ("EQC").
- II. **SUBJECT:** Administrative and Consent Orders issued during the period May 1, 2010 May 31, 2010.
- III. **FACTS:** For the periods May 1, 2010 through May 31, 2010, EQC issued twenty-two (22) Consent Orders with total assessed civil penalties in the amount of \$56,365.00.

Unless otherwise specified, "Previous Orders" as listed in this report include orders issued by Environmental Quality Control programs within the last five (5) years.

TOTAL	0	\$ 0	22	\$	56,365.00

ANALYSIS: During the reporting period, Underground Storage Tank Enforcement entered into six (6) Consent Orders with various Respondents. Of those six, three (3) had a violation for not having the proper overfill prevention equipment. Civil penalties in the amount of two thousand one hundred dollars (\$2,100.00) were assessed for those three Orders.

Drinking Water Enforcement entered into eleven (11) Consent Orders with various Respondents. Of those 11, eight (8) were for public water systems that exceeded the maximum contaminant level of either total coliform, fluoride, trichloroethylene or combined radium 226/228. Civil penalties in the amount of three thousand six hundred ten dollars (\$3,610.00) were assessed for the eight Orders.

Air Quality Enforcement entered into a Consent Order with Greenspace, Inc. (Respondent), operator of an air curtain incinerator (ACI). The Respondent has violated both U.S. EPA Regulations and the South Carolina Air Pollution Control Regulations for failure to show compliance with particulate matter (PM) and PM with a mean aerodynamic diameter of 10 microns or less (PM₁₀) emission limits during a source test, failure to show compliance with PM₁₀ during a re-test, failure to report the results of the source tests, and failure to show compliance with opacity limits. To comply with the Order, the Respondent must submit a plan outlining corrective actions to be taken to achieve and/or demonstrate compliance with PM and PM₁₀, discontinue use of the ACI until approval is granted to operate, comply with permitted opacity limits and ambient air quality standards, and submit source test results as required by the permit. A civil penalty in the amount of twenty thousand dollars (\$20,000.00) was assessed.
