B2 Participation Activities

NOTE: The first five activities are required.

Vehicle Counting Activity (Baseline & Final) for cars and buses. **Required**	☐
Install/Post Anti-Idling signs in the appropriate car rider/bus lanes (provided by DHEC/BAQ). **Required**	☐
Adopt an Anti-Idling Policy for all vehicles (including buses, parents, staff, and visitors). **Required**	☐
Educate the parents, bus drivers, faculty and staff about your B2 program and anti-idling policies. **Required**	☐
Post pictures of your B2 campaign on your school's website and/ or send pictures to the B2 coordinator. **Required**	☐
Participate in the Environmental Protection Agencies (EPA) Air Quality Flag Program. Your school will receive garden flags (pole not included) that correspond to the Air Quality Index (AQI).	☐
Survey the parents asking them if they would consider transportation options such as carpooling to school, walking to school, busing to school, etc…Then plan/promote most popular answers.	☐
Promote your B2 Program through the school newsletter, web site, and other media sources.	☐
Create and have parents and bus drivers participate in a pledge signing to stop idling	☐
Display a "No Idling Zone" Banner in a prominent area (provided by DHEC/BAQ while supplies last)	☐
During morning announcements, announce the air quality index level and display the appropriate corresponding colored flag	☐
Incorporate Air Quality Lessons into the Curriculum. Go to Program Resources for lesson plans and ideas	☐
Teach a lesson from the "Take Action SC" lesson resources.	☐
Plan a Walk and Bike to School Event	☐
Install Air Quality Landscape Project-contact your local Urban	☐
Paint "No Idle Zone" on the school car rider and bus lanes	☐
Create and maintain an air quality bulletin board	☐
Establish and maintain an Environmental Club. The members can take part in helping with the vehicle count.	☐
Recruit new B2 schools, businesses, and other community partners	☐
