RE: Feasibility Study Work Plan  
CSXT Bramlette Road Site  
Greenville, South Carolina

Dear Mr. Powell:

The Department has reviewed the remedial investigation work that has been conducted to date at the CSX Bramlett Road Site. Additionally, Duke Energy has presented to the Department some thoughts on potential path forwards in meetings and discussions. The Department requests that Duke Energy submit a Feasibility Study Work Plan within the next 30 business days. The Feasibility Study Work Plan should describe the procedures that will be followed to conduct a Feasibility Study and the preliminary scoping process to complete a Feasibility Study Report.

If you have any questions, please contact me at (803) 898-0910 or by email at [cassidga@dhec.sc.gov](mailto:cassidga@dhec.sc.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Greg Cassidy", is written over a faint, light-colored signature line.

Greg Cassidy
