Re: Supplemental Work Plan for Continued Groundwater Investigation dated April 27, 2015
 and Monitoring Well Permit
 Itron Site
 Greenwood County
 Voluntary Cleanup Contract 13-6079-RP

Dear Mr. Kemmanahalli,

The Department has reviewed the referenced document. The work proposed in this plan is acceptable to further delineate the nature and extent of groundwater contamination beneath the Itron site. A monitoring well permit has been issued for the seven proposed wells and that permit will be sent to the URS/AECOM project manager, Aaron Council. A copy of the permit is attached for your records.

If you have any questions feel free to contact me at (803) 898-0810.

Sincerely,

Carol L. Crooks
 State Remediation Section
 Division of Site assessment, Remediation and Revitalization
 Bureau of Land and Waste Management

Monitoring Well Approval

Date of Issuance: May 14, 2015

Approval #: MW-10145

Approval is hereby granted to: Aaron Council, URS/AECOM
10 Patewood Drive, Building 6, Suite 500
Greenville, South Carolina 29615

Facility: Itron Site
VCC 13-6078-RP
Greenwood County

This approval is for the installation of seven (7) permanent groundwater monitoring wells. The wells will be installed in the locations as illustrated in Figure 1 and constructed per the details included in the Supplemental Work Plan for Continued Groundwater Investigation dated April 27, 2015. All wells are to be installed following the applicable requirements of R.61-71.

Please note that R.61-71 requires the following:

1. All wells shall be drilled, constructed, and abandoned by a South Carolina certified well driller per R.61-71.D.1.
2. All wells shall be properly developed per R.61-71.H.2.d. A Water Well Record Form or other form provided or approved by the Department shall be completed and submitted within 30 days after well completion or abandonment unless another schedule has been approved by the Department. The form should contain the "as-built" construction details and all other information required by R.61-71.H.1.f
3. All analytical data and water levels obtained from each monitoring well shall be submitted to the Project Manager (Carol Crooks) within 30 days of receipt of laboratory results unless another schedule has been approved by the Department as required by R.61-71.H.1.d.
4. All monitoring wells shall be labeled as required by R.61-71.H.2.c.
5. If any of the information provided to the Department changes, including the proposed drilling date, the Project Manager (Carol Crooks) shall be notified at least twenty-four (24) hours prior to well construction as required by R.61-71.H.1.a.

This approval is pursuant to the provisions of Section 44-55-40 of the 1976 South Carolina Code of Laws and R.61-71 of the South Carolina Well Standards and Regulations, dated April 26, 2002.

Carol L. Crooks, Hydrogeologist
