RE: Focused Feasibility Study
Former Joslyn Clark, LLC Facility
Lancaster, South Carolina

Dear Mr. Tarravechia:

The State Voluntary Cleanup Program has reviewed and approved the Focused Feasibility Study for the Joslyn Clark Controls Site in Lancaster, South Carolina. From this point, I will prepare a Proposed Plan and then that will go out for public comment and there will be some public participation process. Once that is done, I will write the Record of Decision for the site. At that point, a work plan for the chosen remedy can be submitted to the Department.

If you have any questions, please contact me at (803) 898-0910 or by email at cassidga@dhec.sc.gov.

Sincerely,
