Subject: CDC update on PPE for healthcare facilities

The following message is for healthcare providers:

The CDC has released an update "Considerations for U.S Healthcare Facilities to Ensure Adequate Supplies of Personal Protective Equipment (PPE) for Ebola Preparedness." This update summarizes the current domestic PPE supply situation and provides additional guidance to assist facilities in estimating and attaining the minimum amount of PPE in efforts of preparedness for patients with possible or confirmed Ebola Virus Disease. The details of this guidance can be accessed from the DHEC website and at the following link:
