

CERTIFICATION

An Application to Evaluate
Your Lodging and Food Service Facility

SOUTH CAROLINA
GREEN
HOSPITALITY
ALLIANCE
APPLICATION 2013-2015

Welcome ...

Welcome to the S.C. Green Hospitality Alliance. This program, developed in partnership by the S.C. Department of Health and Environmental Control's (DHEC) Office of Solid Waste Reduction and Recycling and the S.C. Restaurant and Lodging Association, is designed to help hotels, motels, restaurants and other hospitality facilities go green.

The hospitality industry is a large consumer. Each facility purchases goods and services, creates and disposes of waste, uses energy and water, and, just like any individual, leaves an environmental footprint. Through its sheer size, the hospitality industry has a huge impact not only on South Carolina's economy, but on the state's environment.

Operating in an environmentally responsible fashion, the hospitality industry can lead by example with everyday, cost-effective practices that help protect and preserve the state's environment as well as the quality of life for all South Carolinians.

The sources of information for this membership application are many and varied including the Florida Green Lodging Program and the Rhode Island Hospitality Green Certification program. In addition, information was provided by the S.C. Energy Office as well as DHEC's bureaus of Air Quality and Water.

Introduction ...

What is the S.C. Green Hospitality Alliance?

The S.C. Green Hospitality Alliance is a free, voluntary program designed to: 1) help South Carolina's hospitality industry reduce the environmental impact of its operations as well as incorporate environmental stewardship and sustainability in its business practices; and 2) promote and recognize member hotels, restaurants as well as other hospitality facilities for their environmentally conscious practices.

The program – developed in partnership by the S.C. Restaurant and Lodging Association and DHEC – provides technical assistance to help facilities begin or expand green practices such as: waste reduction, recycling and composting; energy and water conservation; green cleaning; and environmentally preferred purchasing. For facilities to become members of the S.C. Green Hospitality Alliance, they must complete a certification process centered on green practices. Hotels, motels and restaurants must be a member of the S.C. Restaurant and Lodging Association to become a member of the S.C. Green Hospitality Alliance.

How does a hotel, motel or restaurant become a member?

Each facility must complete the S.C. Green Hospitality Alliance application.

The application is divided into environmental categories (e.g., waste reduction and recycling) that cover the overall operations of a facility, (e.g., housekeeping, kitchen, office and grounds). Each environmental category has a list of environmentally friendly actions that have specific point values. For the first time, "Section 1: Environmental Awareness" requires facilities to perform eight basic tasks.

Check off all of the efforts that your facility is currently undertaking in each category. Calculate your estimated score and call 1-800-803-4272 for submission details.

Why go green?

Why should you "green" your hotel, motel or restaurant? There are many benefits.

- * **Reducing your environmental impact.** Your facility – along with South Carolina's hospitality industry – can take a leadership role in conserving natural resources, saving energy, reducing pollution and helping to protect the state's environment.
- * **Lowering operating costs.** Waste reduction, reuse and recycling may help your facility reduce its disposal costs. Energy-saving measures save money. Water-saving equipment and practices reduce costs. Some green purchasing practices help save money, too.
- * **Increasing competitiveness.** Research shows that more and more consumers are considering environmental issues when making travel plans and purchases. Green practices will enhance the marketability of your facility as an environmentally friendly business.
- * **Protecting human health.** Green cleaning supplies help protect staff and guests, protect air quality and reduce the amount of hazardous material that must be managed. Waste reduction and recycling also help to prevent pollution.
- * **Earning recognition.** The S.C. Green Hospitality Alliance can help green hotels, motels and restaurants share their success stories, promote their efforts to consumers and be recognized with an annual award.

It is not necessary to complete all initiatives listed in this application to become certified. The application is a comprehensive list of the many initiatives available to earn points. For the initiatives that are not checked, please consider adding them to your program.

Who certifies members of the S.C. Green Hospitality Alliance?

The S.C. Restaurant and Lodging Association will certify members upon receipt, review and approval of the application. Your facility will be certified at one of three levels depending on the total points earned.

What are the levels of membership?

There are three levels of membership in the S.C. Green Hospitality Alliance: One Palmetto (*); Two Palmettos (**); or Three Palmettos (***). Each level requires a minimum number of points. For details, see page 15.

How long does the certification last?

Applications that are approved between January 1, 2013 and December 31, 2013 will be certified until June 30, 2015. Applications that are approved between January 1, 2014 and June 30, 2015 will be certified until December 31, 2015. The application has been updated to include new and improved green practices.

How can a hotel, motel or restaurant receive assistance to improve their green practices?

DHEC's Office of Solid Waste Reduction and Recycling (Office) and other partners will provide free, confidential, non-regulatory technical assistance including site visits, workshops and training.

The Office also provides best management practices and a Web site – www.scdhec.gov/greenhospitality – with success stories and the latest green practices. Call the Office at 1-800-768-7348 for more information.

Membership Benefits ...

Hotels, motels and restaurants in South Carolina that are members of the S.C. Green Hospitality Alliance receive the following benefits:

- * a certificate recognizing membership;
- * membership window cling (pictured below) promoting your certification;
- * use of the S.C. Green Hospitality Alliance logo for marketing initiatives including signage, letterhead, flags, banners and Web pages;
- * a listing of your facility on the S.C. Green Hospitality Alliance Web page – www.greenhospitalityalliance.org – and other Web sites promoting green hospitality;
- * an annual award recognizing outstanding efforts; and
- * free technical assistance and materials from DHEC's Office of Solid Waste Reduction and Recycling and other partners.

S.C. Green Hospitality Alliance Application for Membership

CONTACT INFORMATION:

Business Name: _____

Facility Name (if different): _____

Facility Telephone Number (for Certified Facilities List): _____

Address: _____

Contact Person: _____

Contact Telephone Number: _____ Contact E-mail Address: _____

Do you have any level of LEED certification? YES NO (If YES, please provide proof of certification.)

SECTION I: Environmental Awareness

The following eight tasks are required for certification.

1.1	<input type="checkbox"/> Assemble a green team. <input checked="" type="checkbox"/> Please list members, job titles and meeting schedule of the green team. _____ _____ _____	REQUIRED
1.2	<input type="checkbox"/> Develop an environmental policy. <input checked="" type="checkbox"/> See a sample policy at www.scdhec.gov/greenhospitality . <input checked="" type="checkbox"/> Submit a copy of the policy.	REQUIRED
1.3	<input type="checkbox"/> Advise staff of policy. <input checked="" type="checkbox"/> List where the policy is displayed. _____	REQUIRED
1.4	<input type="checkbox"/> The environmental policy is part of the new employee orientation and annual training.	REQUIRED
1.5	<input type="checkbox"/> Employee manuals, instead of taken home, are kept on site for staff.	REQUIRED
1.6	<input type="checkbox"/> The environmental policy is included in a public advertisement or publication. <input checked="" type="checkbox"/> The policy is highlighted on a poster, sign, brochure, etc.	REQUIRED
1.7	<input type="checkbox"/> Fluorescent bulbs, computers, televisions and other electronics MUST be properly managed (recycled). <input checked="" type="checkbox"/> See DHEC's E-cycle Web site at www.scdhec.gov/e-cycle and the "Proper Management of Universal Waste Lamps" fact sheet at www.scdhec.gov/environment/lwm/recycle/info_for_you.htm .	REQUIRED
1.8	<input type="checkbox"/> Purchasing preference is given to local vendors (within 100 miles).	REQUIRED

SECTION 2: Environmentally Preferred Purchasing

For assistance with the section, visit www.scdhec.gov/greenhospitality.

2.1	<input type="checkbox"/> An environmentally preferred purchasing policy is established. <input checked="" type="checkbox"/> See a sample policy at www.scdhec.gov/greenhospitality . <input checked="" type="checkbox"/> Submit a copy of the policy.	<input type="checkbox"/> 5 POINTS
2.2	<input checked="" type="checkbox"/> Recycled-content products are purchased for the facility. <input type="checkbox"/> Copy Paper (30 percent recycled-content minimum) <input type="checkbox"/> Business cards (30 percent recycled-content minimum) and include statement identifying it as recycled content. (Please provide sample.) <input type="checkbox"/> Letterhead (30 percent recycled-content minimum) and includes statement identifying it as recycled content. <input type="checkbox"/> Toilet Paper (30 percent recycled-content minimum) <input type="checkbox"/> Paper Towels (40 percent recycled-content minimum) <input type="checkbox"/> Amenities (Packaging is recycled content.) <input type="checkbox"/> Uniforms (70 percent recycled-content minimum) <input type="checkbox"/> Benches (90 percent recycled-content minimum) <input type="checkbox"/> Glassware and china DISPOSABLE PLATES, CUPS, TO-GO PRODUCTS <input type="checkbox"/> Compostable <input type="checkbox"/> Made from recycled content <input type="checkbox"/> Other: _____ <input type="checkbox"/> Other: _____ <input type="checkbox"/> Other: _____	<input type="checkbox"/> 1 POINT <input type="checkbox"/> 3 POINTS <input type="checkbox"/> 3 POINTS <input type="checkbox"/> 1 POINT <input type="checkbox"/> 5 POINTS <input type="checkbox"/> 5 POINTS <input type="checkbox"/> 5 POINTS <input type="checkbox"/> 1 POINT <input type="checkbox"/> 1 POINT <input type="checkbox"/> 1 POINT
2.3	<input checked="" type="checkbox"/> Purchased finishes for the facility. <input type="checkbox"/> Carpet (70 percent recycled-content minimum) <input type="checkbox"/> Tiles (90 percent recycled-content minimum) <input type="checkbox"/> Mats and Rugs (50 percent recycled-content minimum) <input type="checkbox"/> Wall covering (wall vinyl, no wall paper – 20 percent recycled-content minimum) <input type="checkbox"/> Window coverings and draperies (recycled content and/or renewable resource)	<input type="checkbox"/> 5 POINTS <input type="checkbox"/> 5 POINTS <input type="checkbox"/> 5 POINTS <input type="checkbox"/> 5 POINTS <input type="checkbox"/> 5 POINTS
2.4	<input type="checkbox"/> Remanufactured inkjet and toner cartridges are purchased.	<input type="checkbox"/> 2 POINTS
2.5	<input type="checkbox"/> Refillable dispensers are purchased versus portion-control packaging.	<input type="checkbox"/> 2 POINTS
2.6	<input checked="" type="checkbox"/> Energy-efficient (e.g., ENERGY STAR) appliances are purchased. <input checked="" type="checkbox"/> A maximum of 10 points can be earned. <input type="checkbox"/> Refrigerators <input type="checkbox"/> Fryers <input type="checkbox"/> Steam Cookers <input type="checkbox"/> Dishwashers <input type="checkbox"/> Freezers <input type="checkbox"/> Air Conditioners <input type="checkbox"/> Water Heaters <input type="checkbox"/> Washing Machines <input type="checkbox"/> Dryers <input type="checkbox"/> Ice Machines <input type="checkbox"/> Other: _____ <input type="checkbox"/> Other: _____	<input type="checkbox"/> 1 POINT <input type="checkbox"/> 1 POINT
2.7	<input type="checkbox"/> Hybrid/alternative-fuel vehicles are purchased.	<input type="checkbox"/> 5 POINTS
2.8	<input type="checkbox"/> At least two vendors deliver products with returnable packaging and containers. <input checked="" type="checkbox"/> Submit a list of the vendors.	<input type="checkbox"/> 4 POINTS
2.9	<input type="checkbox"/> Integrated Pest Management is used.	<input type="checkbox"/> 5 POINTS
TOTAL POINTS for SECTION 2		

SECTION 3: Waste Reduction and Recycling

For assistance with the section, visit www.scdhec.gov/greenhospitality.

3.1	<input type="checkbox"/> Conduct a waste assessment. <ul style="list-style-type: none"> <input type="checkbox"/> Determine ways to reduce waste. For information on how to conduct a waste assessment, visit www.scdhec.gov/greenhospitality. <input type="checkbox"/> Submit the results. 	<input type="checkbox"/> 10 POINTS
3.2	<input type="checkbox"/> Greenhouse gas (GHG) emissions are measured.	<input type="checkbox"/> 6 POINTS
3.3	<input type="checkbox"/> To achieve climate neutrality, zero GHG emission is reached through environmental efforts. (Planting trees is not counted.)	<input type="checkbox"/> 10 POINTS
3.4	<input type="checkbox"/> Waste reduction and recycling efforts are reported to DHEC. <ul style="list-style-type: none"> <input type="checkbox"/> Contact greenhospitality@dhec.sc.gov to submit your confidential report. 	<input type="checkbox"/> 5 POINTS
3.5	<input type="checkbox"/> Copiers and printers are programmed to print double-sided copies.	<input type="checkbox"/> 4 POINTS
3.6	<input type="checkbox"/> When faxing, self-adhesive notes or stamps are used instead of cover sheets.	<input type="checkbox"/> 1 POINT
3.7	<input type="checkbox"/> Excess packaging of items delivered to the facility is reduced by at least two vendors.	<input type="checkbox"/> 2 POINTS
3.8	<ul style="list-style-type: none"> <input type="checkbox"/> Hotel amenities are provided: <ul style="list-style-type: none"> <input type="checkbox"/> in refillable dispensers; or <input type="checkbox"/> per request ONLY. 	<input type="checkbox"/> 5 POINTS <input type="checkbox"/> 3 POINTS
3.9	<ul style="list-style-type: none"> <input type="checkbox"/> Recycling program is in place with bins located in the following areas clearly marked and visible. <ul style="list-style-type: none"> <input type="checkbox"/> Submit recycling vendor/hauler or drop-off location. <input type="checkbox"/> Front of the Facility and Office(s) <input type="checkbox"/> Break Room(s) <input type="checkbox"/> Kitchen <input type="checkbox"/> Banquet Area(s) <input type="checkbox"/> Dining Area(s) <input type="checkbox"/> Catered Events (off-site) <input type="checkbox"/> Guest Rooms (lodging facilities only) <input type="checkbox"/> Hallways <input type="checkbox"/> Exteriors 	<input type="checkbox"/> 2 POINTS <input type="checkbox"/> 3 POINTS <input type="checkbox"/> 3 POINTS <input type="checkbox"/> 3 POINTS <input type="checkbox"/> 5 POINTS
3.10	<ul style="list-style-type: none"> <input type="checkbox"/> The following materials are recycled. <ul style="list-style-type: none"> <input type="checkbox"/> Check with your recycling vendor/hauler for correct collection procedures. <input type="checkbox"/> Aluminum cans <input type="checkbox"/> Cardboard <input type="checkbox"/> Cooking oil <input type="checkbox"/> Glass <input type="checkbox"/> Mattresses <input type="checkbox"/> Paper <input type="checkbox"/> Plastic <input type="checkbox"/> Textiles (towels, linens, bed covering, etc.) <input type="checkbox"/> Used Motor Oil 	<input type="checkbox"/> 1 POINT <input type="checkbox"/> 1 POINT <input type="checkbox"/> 1 POINT <input type="checkbox"/> 4 POINTS <input type="checkbox"/> 1 POINT <input type="checkbox"/> 1 POINT <input type="checkbox"/> 5 POINTS <input type="checkbox"/> 5 POINTS <input type="checkbox"/> 2 POINTS
3.11	<input type="checkbox"/> Employment applications are accepted on-line ONLY.	<input type="checkbox"/> 4 POINTS
SUBTOTAL for this page		

3.12	<input type="checkbox"/> Unwanted small appliances (e.g., toasters, mixers, irons) are repaired, donated or recycled.	<input type="checkbox"/> 1 POINT
3.13	<input type="checkbox"/> Used amenities are collected, then donated or recycled.	<input type="checkbox"/> 5 POINTS
3.14	<input type="checkbox"/> A use reduction plan for pesticides and fertilizers is in place. <input type="checkbox"/> Submit a copy of the plan.	<input type="checkbox"/> 2 POINTS
3.15	<input type="checkbox"/> Food scraps are composted. <input type="checkbox"/> Check with state and local regulations and requirements before starting a composting program.	<input type="checkbox"/> 10 POINTS
3.16	<input type="checkbox"/> Unused paint is recycled or donated.	<input type="checkbox"/> 3 POINTS
3.17	<input type="checkbox"/> Reusable cups, glasses, plates, utensils and napkins are used – except with to-go orders.	<input type="checkbox"/> 2 POINTS
3.18	<input type="checkbox"/> Rechargeable batteries and power tools are used.	<input type="checkbox"/> 1 POINT
3.19	<input type="checkbox"/> Yard trimmings are properly managed. <input type="checkbox"/> Mulched or composted and used on site (OPTION 1) <input type="checkbox"/> A contractor composts or mulches yard trimmings off site (OPTION 2)	<input type="checkbox"/> 5 POINTS <input type="checkbox"/> 3 POINTS
3.20	<input type="checkbox"/> The blank side of used paper is reused.	<input type="checkbox"/> 1 POINT
3.21	<input type="checkbox"/> Smaller meal portions are offered at a reduced price.	<input type="checkbox"/> 2 POINTS
3.22	<input type="checkbox"/> Reusable coffee filters are used.	<input type="checkbox"/> 2 POINTS
3.23	<input type="checkbox"/> Bottled water is not served on site (excluding vending machines for hotels).	<input type="checkbox"/> 4 POINTS
3.24	<input type="checkbox"/> A reusable mug/cup program is available. This program offers drinks at a discounted price when refilling a restaurant-provided (or purchased) mug. <input type="checkbox"/> Available to staff <input type="checkbox"/> Available to guests	<input type="checkbox"/> 1 POINT <input type="checkbox"/> 1 POINT
3.25	<input type="checkbox"/> Cafeteria trays are reused.	<input type="checkbox"/> 2 POINTS
3.26	<input type="checkbox"/> Table coverings have been eliminated.	<input type="checkbox"/> 1 POINT
3.27	<input type="checkbox"/> Hand dryers with sensors are used in rest rooms instead of paper towels.	<input type="checkbox"/> 1 POINT
3.28	<input type="checkbox"/> Paperless check-in and/or check-out is offered (for LODGING FACILITIES ONLY).	<input type="checkbox"/> 3 POINTS
3.29	<input type="checkbox"/> Newspapers are centralized and delivered by request only.	<input type="checkbox"/> 3 POINTS
3.30	<input type="checkbox"/> Excess food from events is donated to food banks or other similar organizations.	<input type="checkbox"/> 1 POINT
3.31	<input type="checkbox"/> Educational material – to promote waste reduction and recycling – is provided. <input type="checkbox"/> Submit samples of educational material.	<input type="checkbox"/> 5 POINTS

TOTAL POINTS for SECTION 9		

SECTION 10: Additional Practices

Please describe below additional green practices that your facility has implemented that ARE NOT LISTED PREVIOUSLY in this application. The S.C. Restaurant and Lodging Association will determine the point value for these practices.

SECTIONS	ADDITIONAL PRACTICES
SECTION 1: Environmental Awareness	
SECTION 2: Environmentally Preferred Purchasing	
SECTION 3: Waste Reduction and Recycling	
SECTION 4: Energy Efficiency	
SECTION 5: Water Efficiency	
SECTION 6: Air Quality	
SECTION 7: Green Cleaning	
SECTION 8: Green Meetings and Catering	
SECTION 9: Sustainable Food	

Calculating Your Score

Record the total number of points by section below. Contact DHEC's Office of Solid Waste Reduction and Recycling at **1-800-768-7348** for free technical assistance and recommendations to earn more points.

SECTIONS	POINTS
SECTION 1: Environmental Awareness	REQUIRED
SECTION 2: Environmentally Preferred Purchasing	
SECTION 3: Waste Reduction and Recycling	
SECTION 4: Energy Efficiency	
SECTION 5: Water Efficiency	
SECTION 6: Air Quality	
SECTION 7: Green Cleaning	
SECTION 8: Green Meetings and Catering	
SECTION 9: Sustainable Food	
SECTION 10: Additional Practices	TO BE DETERMINED

Site Visit Information

Did you receive a technical assistance site visit from DHEC? Yes No

If Yes, please provide the information below.

Name of DHEC Representative: _____

Date of Site Visit: _____

Point Requirements for Certification by Facility

FACILITY TYPE	ONE PALMETTO	TWO PALMETTOS	THREE PALMETTOS
RESTAURANTS	115	215	345
LIMITED-SERVICE HOTELS	120	225	370
FULL-SERVICE HOTELS	130	235	390

Determining Your Certification Level

Your certification level – One Palmetto Tree, Two Palmetto Trees or Three Palmetto Trees – will be determined by the points found in the chart at the bottom of this page.

Please note that the chart lists separate point totals for: 1) restaurants; 2) limited-service hotels; and 3) full-service hotels.

ONE PALMETTO – To achieve this level of designation, restaurants must earn 115 points, limited-service hotels must earn 120 points and full-service hotels must earn 130 points.

TWO PALMETTOS – To achieve this level of designation, restaurants must earn 215 points, limited-service hotels must earn 225 points and full-service hotels must earn 235 points.

THREE PALMETTOS – To achieve this level of designation, restaurants must earn 345 points, limited-service hotels must earn 370 points and full-service hotels must earn 390 points.

LEED CERTIFIED – In addition to the designations listed above, facilities that also are LEED certified will receive a specially designed graphic on their certificate.
