RE: Roseburg Forest Products South, L.P. (Holly Hill MDF)

Dear Concerned Citizen,

Thank you for your interest and/or comments regarding the request by Roseburg Forest Products South, L.P. (Holly Hill MDF) to renewal their Title V Operating Permit at its existing facility located at 1972 Gardner Boulevard, Highway 453 in Holly Hill, South Carolina. Please be advised that DHEC has made a decision regarding the permit after consideration and complete review of the following: the permit application, applicable state and federal air quality regulations, comments made at the public hearing held on November 16, 2010, all comments received within the required time frame, the public hearing transcripts, and all other pertinent information. The written comment received was reviewed for technical merit and has been included in DHEC's permanent record for this facility. DHEC has concluded that the issues raised and comment made by the concerned citizen does not legally prevent issuance of the permit. Additionally, because the facility has demonstrated that it can comply with state and federal air quality regulations, DHEC is required by law to issue the requested permit. Therefore, DHEC's decision is to approve Air Quality Title V Operating Renewal Permit No. TV-1860-0038 for issuance on, Wednesday, February 15, 2012.

The Department has dedicated a web page for interested parties to view the Department Decision. The web address is <http://www.scdhec.gov/environment/baq/PermittingDecisions>. The Department Decision includes the permit, the statement of basis, and the response to comments. You may also view the transcript and written comment on this web page. If you cannot access the information on the website, you may schedule an appointment to review all materials used by DHEC in making this decision, during normal business hours, by contacting the Freedom of Information Office, at (803) 898-3882. Copies may also be requested for \$.25 per page charge.

Any affected parties who wish to appeal this decision may file a request for final review. Procedures for DHEC Board review of permit decisions are also available on the same web page as above. Additional information regarding appeal procedures is available from DHEC's Clerk of the Board at the below DHEC address or by calling (803) 898-3309.

The Bureau of Air Quality would like to thank everyone who expressed an interest in this facility by either submitting comments or attending the public hearing. Should you have any questions concerning the permit, or if you would like to share your input on how DHEC may improve public participation in our permitting activities, please contact Karen Lee at (803) 898-4055 or by E-mail at [leeka@dhec.sc.gov](mailto:leeka@dhec.sc.gov).

Sincerely,

Karen Lee
