### Construction Permit for Existing Permitted Facilities

**Start**

**Calculate Potential to Emit (PTE):**
1) Potential to Emit Existing (PTE\textsubscript{exist})
2) Project PTE (PTE\textsubscript{project})

- **Does your operating permit have a “Permit Flexibility” condition to allow this activity?**
  - Yes: No permit required. Document as condition requires.
  - No*: (continued on reverse)

* Is this activity or project subject to a NESHAP Regulation? If subject, submit a modification request to the operating permit within 15 days of starting up the affected source.

- **Does this project qualify for a source specific exemption?**
  - No: (continued on reverse)

- **Does this project qualify for other exemptions?** (ex: like for like replacement)
  - Yes: No permit required. Document PTE\textsubscript{project} emissions form D-0721 and notify the Department as required.
  - No: (continued on reverse)

- **Is the PTE\textsubscript{project} below emission-level exemption thresholds?**
  - Yes: No permit required. Document PTE\textsubscript{project} emissions form D-0721.
  - No: (continued on reverse)

End
Is the total \( PTE_{\text{exist}} \) below major source thresholds?
