Remediation Assessment Report received 10/28/2011
Assessment Plan received 10/28/2011

Dear Mr. Clark:

The Department has completed a review of the referenced report and assessment plan. As submitted the plan proposes the installation of two monitoring wells to complete delineation of the toluene plume. This plan is approved. Please note the comments on the attached well approval. It is understood that a remediation work plan describing proposed modification to the current system will be submitted after the results of the monitoring wells are finalized. In this regard, please submit a remediation plan with the next remediation monitoring report, to this office on or before March 31, 2012. If you have any questions, feel free to contact me at 803-896-2965 or email at landmedc@dhec.sc.gov.

Monitoring Well Approval

Approval is hereby granted to: **ERM**
(on behalf of): **WIX Filtration Corp.**
Facility: **WIX Filtration Corp.**
Site Identification #: **03139**
County: **Dillon**

This approval is for the installation of two groundwater monitoring wells (MW-14 & 15). The monitoring wells are to be installed in the locations as illustrated on Figure # 1 and per the proposed construction details provided by ERM in correspondence dated 10/28/11. The monitoring wells are to be installed following all of the applicable requirements of R.61-71.

Please note that R.61-71 requires the following:

1. All wells shall be drilled, constructed, and abandoned by a South Carolina certified well driller per R.61-71.D.1.
2. A Water Well Record Form or other form provided or approved by the Department shall be completed and submitted to the Department within 30 days after well completion or abandonment unless another schedule has been approved by the Department. The form should contain the "as-built" construction details and all other information required by R.61-71.H.1.f
3. All analytical data and water levels obtained from each monitoring well shall be submitted to the Department within 30 days of receipt of laboratory results unless another schedule has been approved by the Department as required by R.61-71.H.1.d.
4. All monitoring wells shall be labeled as required by R.61-71.H.2.c.
5. If any of the information provided to the Department changes, the Lori Landmeyer (803) 896-2965 shall be notified a minimum of twenty-four hours prior to well construction as required by R.61-71.H.1.a.

This approval is pursuant to the provisions of Section 44-55-40 of the 1976 South Carolina Code of Laws and R.61-71 of the South Carolina Well Standards and Regulations, dated April 26, 2002.

Date of Issuance: 11/30/2011
