RE: Wix Dillon Site  
Voluntary Cleanup Contract 13-5996-RP  
Site ID# 403139  
Dillon County

Approval of Remedial Investigation Work Plan Addendum and AS/SVE System Evaluation,  
received March 4, 2015

Mr. McCutcheon,

The South Carolina Department of Health and Environmental Control (Department) has reviewed the above referenced revised Remedial Investigation Work Plan Addendum (Addendum), submitted pursuant to Voluntary Cleanup Contract 13-5996-RP. The Department had indicated in its letter of September 23, 2014 that future remedial actions should be engineered to address contamination from both toluene, and chlorinated volatile organic compounds (VOCs) detected during the Remedial Investigation. In response, Wix has submitted the Addendum, which proposes additional sampling to ensure delineation of the chlorinated VOC contamination.

The Addendum is approved. A detailed schedule for implementation should be submitted to my attention within 30 days of receipt of this letter. If you would like to discuss this project you can reach me at (803) 898-0733, or by email at [hornostr@dhec.sc.gov](mailto:hornostr@dhec.sc.gov)

Regards,

Tim Hornosky, P.G.
