

INTENT TO SOLE SOURCE

The South Carolina Department of Health & Environmental Control (DHEC) is seeking a qualified vendor to provide an off-the-shelf software application related to flood insurance activities. NOTE: This is not an opportunity to develop a custom application.

Requirements include but are not limited to: the ability to identify areas eligible for Open Space Preservation (OSP) credit; the capacity to support the application process for the Community Rating System (CRS), and the aptitude to allow communities to more easily identify future open space so as to reduce flood risk. Any and all data must be hosted in the contiguous United States.

Qualified vendors should contact E. Madison Winslow at (803) 898-3487 by September 21, 2018, for additional information.

June 6, 2017

Mr. Hawkins,

Please advertise the attached Intent to Sole Source in SCBO for two weeks beginning June 7, 2017.

Thank you.

E. Madison Winslow
South Carolina Department of Health and Environmental Control
803-898-3487
