Summary
The United States Environmental Protection Agency (EPA) promulgates amendments to the Code of Federal Regulations (CFR) throughout each calendar year. Recent federal amendments include revisions to New Source Performance Standards and National Emission Standards for Hazardous Air Pollutants (NESHAP) for Source Categories at 40 CFR Parts 60 and 63.

The Department also proposes amending Regulation 61-62.60, Subpart Cf, Emission Guidelines and Compliance Times for Municipal Solid Waste Landfills, and Subpart DDDD, Emission Guidelines and Compliance Times for Commercial and Industrial Solid Waste Incineration Units, to clarify the applicability and scope of EPA emission guidelines provisions incorporated by the Department, and to ensure compliance with federal law.

The Department may also propose other changes to Regulation 61-62, Air Pollution Control Regulations and Standards, as deemed necessary to maintain compliance with federal law. These changes may include corrections or other changes for internal consistency, clarification, reference, punctuation, codification, formatting, spelling, and overall improvement of the text of Regulation 61-62 as necessary.

In accordance with 1976 Code Section 1-23-120(H), legislative review is not required because the Department proposes promulgating the amendments to maintain compliance with federal law.
Amended the following standards to adopt federal amendments promulgated from January 1, 2017, through December 31, 2017:

- R.61-62.60, South Carolina Designated Facility Plan and New Source Performance Standards
- R.61-62.61, National Emission Standards for Hazardous Air Pollutants
- R.61-62.63, National Emission Standards for Hazardous Air Pollutants (NESHAP) for Source Categories
- South Carolina State Implementation Plan (SIP)

Amended R.61-62.68, Chemical Accident Prevention Provisions, for internal consistency, clarification, chemical nomenclature, codification, and spelling to improve overall text and maintain compliance with federal law.

Amended R.61-62.70, Title V Operating Permit Program, to maintain state compliance with federal regulations.

Amended R.61-62.96, Nitrogen Oxides (NO\textsubscript{X}) and Sulfur Dioxide (SO\textsubscript{2}) Budget Trading Program, to repeal the Clean Air Interstate Rule (CAIR) and reinstate applicable portions of the EPA’s “Finding of Significant Contribution and Rulemaking for Certain States in the Ozone Transport Assessment Group Region for Purposes of Reducing Regional Transport of Ozone” (NO\textsubscript{X} SIP Call), to maintain state compliance with federal regulations.

Amended R.61-62, Air Pollution Control Regulations and Standards, for corrections or other changes for internal consistency, clarification, reference, punctuation, codification, formatting, spelling, and overall improvement to the text.

Summary
Proposed amendment of R.61-62.1, Definitions and General Requirements, Section II, Permit Requirements, to expand and improve consistency in language regarding general and registration permits.

Proposed amendment of the introductory paragraph to R.61-62.5, Standard No. 2, Ambient Air Quality Standards, to remove the sentence describing the test method for Gaseous Fluorides to improve the accuracy and clarity of the regulation’s text.

Proposed amendment of R.61-62.5, Standard No. 5.2, Control of Oxides of Nitrogen (NOₓ), to update applicability and exemptions, as well as to propose corrections for internal consistency, punctuation, codification, and spelling.

Proposed amendment of R.61-62.5, Standard No. 7, Prevention of Significant Deterioration, to update applicability and exemptions, as well as to propose corrections for consistency with federal regulations, internal consistency, punctuation, codification, and spelling.

Proposed amendment of R.61-62.5, Standard No. 7.1, Nonattainment New Source Review (NSR), to improve the overall clarity and structure of the regulation, as well as to propose corrections for consistency with federal regulations, internal consistency, punctuation, codification, and spelling.

Other proposed changes to R.61-62, Air Pollution Control Regulations and Standards, including definitional updates, clarification of certain permitting provisions, and other changes and additions deemed necessary, as well as corrections for internal consistency, clarification, reference, punctuation, codification, formatting, and spelling to improve the overall text of R.61-62 as necessary.
